

CODE OF CONDUCT OF STUDENTS IN CLASS & SCHOOL

1. Introduction to the subject/issue. Speak on gift of life received from God through our parents.
 - Parenting and home environment of every child is different and therefore each one of us is unique but everyone is a human person, precious and valuable.
 - Though we come from different background & families, school becomes a larger family of families where every child is loved, respected, cared and groomed to be a worthy person/citizen. (you can elaborate this point by giving your personal experiences which will be more convincing to the children)
2. Involve them in how they can usher in a healthy, friendly environment. How will they nurture it despite of the differences among the peers?).

Code of conduct expected of every child:

1. While in school or outside the school, you must show your reverence and respect to your teachers and other staff members of the school;
2. Treat classmates with respect and courteousness with polite words. There is '0' tolerance on use of abusive language including slang;
